

AMENDMENTS TO THE SPECIFICATION

After line 11 on page 6 of the specification, please add the following paragraphs:

when R₁ is —(CH₂)_a— and one of R₂ and R₃ is hydrogen, the other of R₃ and R₂ is selected from the group consisting of hydrogen, aryl, heteroaryl, heteroalicylcic, cycloalkyl, aralkyl, and cycloalkylaklyl,

where *a* ranges from 2 to 6.
